SONSHINE SPECIALIZED CAMPING MINISTRIES

www.sonshineministries.com

A CAMP COMPLETELY ON WATER: Put 13 kids and 2 leaders on a houseboat with skiing, Water Olympics and other water toys, add Bible study, sharing, singing, exploring, fishing, swimming, lounging around and enjoying life on the water, and you come up with one of the greatest weeks of your life!

ABOUT SONSHINE CAMPING MINISTRIES: They are a non-denominational Christian resource ministry for churches and have their main office in Lodi, California. They offer a variety of unique houseboat experiences for Jr. High through College age groups. Sonshine began in 1975 when a group of people, committed to serving God, organized to help churches equip their people for ministry. Since then, they have seen the Lord use their ministry to draw thousands of young lives to Him

HOW IT WORKS: The camp will take place on the Sacramento River Delta. Houseboats and ski boats are rented. The Sonshine program provides all of the food and equipment. Many of the Sonshine volunteer staff are CPR and First Aid certified. The Sonshine staff will oversee boating, meals and recreation, and assist with ministry.

A TYPICAL DAY: Wake up to the early morning sun and notice the beauty and peaceful quiet of being on the water. After breakfast, there is quiet time and Bible Study. Bible Study can be individual or conducted in small groups. Then it's time for skiing and water recreation. After lunch, the afternoon is filled with skiing, swimming, reading, rafting, fishing, sun tanning and exploring. There is also time for good, meaningful conversations. After dinner and cleanup, there is a night meeting with the whole group. Often this is a time for singing, sharing and perhaps a talk from one of your leaders. After the night meeting, many play group games or talk before it's time to go to sleep! Typically it's a very full day.
